

Air Handling for New Technologies

ULT Symposium

08 and 09 May 2018, Löbau

www.ult.de

Air Handling for New Technologies

Dear Sir or Madam,

Many industrial, manual and research processes require the utilization of effective air technology. Systems for air purification or process air drying ensure optimum process and product quality, and additionally, support occupational health and safety.

The way in which modern technologies and future industrial processes benefit from fume extraction and air dehumidification solutions takes center stage within the ULT Symposium.

The event provides an ideal opportunity to interact with and exchange ideas between experts from research and industry.

You can expect an interesting and varied conference program with a wide variety of topics. The informal evening event in a relaxed atmosphere offers further opportunities to talk to participants and speakers.

We would like to cordially invite you to attend the 6th annual ULT Symposium and look forward to welcoming you in Löbau.

Yours sincerely,

Dr. Stefan Jakschik

Alexander Jakschik

Program

Tuesday, 08 May 2018

- from 10:30 a.m. Registration in the "Blumenhalle" at the Exhibition Centre Löbau
- 11:00 a.m. Welcome and opening
- 11:30 a.m. Fabmobil - creative technologies on the road
Sebastian Piatza, M.A., The Constitute
- 12:00 a.m. Lunch buffet
- 01:30 p.m. Metal additive manufacturing and related EH&S issues
Dr. Christian Seidel, Fraunhofer IGCV
- 02:00 p.m. Printing of electronic functionalities by additive methods
M.Sc. Lukas Stepien, Fraunhofer IWS
- 02:30 p.m. Coffee break
- 03:00 p.m. High rate laser processing using a polygon scanner
Prof. Dr.-Ing. André Streek, HS Mittweida
- 03:30 p.m. ISO 16890 replaces EN 779 – relevance and consequences
Karsten Schulz, Freudenberg Filtration Technologies SE & Co. KG

from 04:30 p.m. Visits of ULT AG headquarters possible

06:00 p.m. Evening event in the "Berggasthof Honigbrunnen" in Löbau

Wednesday, 09 May 2018

- 09:00 a.m. Augmented Reality for mechanical and plant engineering
Dr.-Ing. Philipp Klimant, TU Chemnitz
- 09:30 a.m. Methods and limits of the characterization of aerosols from manufacturing processes with laser processing - practical examples
Dr. Steffen Blei, ILK Dresden
- 10:00 a.m. Coffee break
- 10:30 a.m. Fire prevention with fuel cell technology
Lars Frahm, Fuji N2telligence GmbH
- 11:00 a.m. Regional development and sustainability
Prof. Dr. Dr. hc. mult. Matthias Kramer, IHI Zittau
- 11:30 a.m. Lunch buffet
- 01:00 p.m. Inhalable exposure to hazardous substances at the workplace during powder-bed based laser-additive manufacturing in consideration of the aerodynamic boundary conditions
Dipl.-Phys. Jürgen Walter, LZH
- 01:30 p.m. Research objectives for ULT AG
Dr. Stefan Jakschik, ULT AG
- 02:00 p.m. Panel discussion

The lectures will be held in German. Simultaneous translation into English is offered.

Registration fee (plus 19% VAT):

- Both days and evening event:
99,00 € per person
- Single day:
79,00 € per person

The price includes: conference material, snacks and drinks, lunch buffet, dinner at the first day

Cancellations can only be accepted in written form and are free of charge until 30 April 2018.

Organization:

ULT AG, Am Göpelteich 1, 02708 Löbau/Germany

Phone: +49 (0)3585 4128-0

Fax: +49 (0)3585 4128-11
